Connie Riedman

Connie Riedman is an award winning painter from Fargo, ND. She works in oils and acrylics and finds inspiration in a variety of subject matter ranging from landscapes and buildings to still lifes and figures.

Connie, a retired art teacher with a degree from Concordia College, Moorhead, MN, has been painting since she was a child. Now, with more time to devote to her own art, she enjoys depicting the simple pleasures in life, whether it's the impression of a fleeting moment in nature painted on location, or memories and associations that might also resonate with the viewer. The play of light and shadow is a favorite theme. Realism with a "painterly" quality could describe her style.

More of Connie's artwork can be seen at Gallery 4 in Fargo, where she has been a member since 2016, and on Face Book at Connie Riedman Art.
