## DOUG BOYD

### *From a Chair to a Rabbit*

I have been making art for more than 60 years, starting in the mid 1950's when my dad traced images off our TV screen for my sister Marjorie and I to color.

My favorite art instructors in Bismarck Public Schools were Ruth Rudser in Junior High and the Marvelous Mrs. Solberg at Bismarck Senior High School. I continued art at the University of North Dakota and graduated in 1973, and followed up with graduate classes at the University of Nebraska Omaha and Creighton University. This was followed by many quarters of the Art Sculpture Program at Metropolitan Community College in Omaha and classes taught by residents of The Bemis Foundation, everything from Batik taught by an artist from Jamaica to woodblock printing taught by Karen Kunc.

But my affection still lies with my childhood in Bismarck and on family farms, always a big part of my heart.
